# Ways to Engage

The NACD Northern California Chapter serves over 2,500 directors in the community by providing exemplary director programming and opportunities for peer-to-peer learning and interaction. By convening directors and experts to examine leading practices and anticipate developing issues, the chapter helps directors be more effective in the boardroom.

## ABOUT THE ORGANIZATION

NACD elevates board performance by providing board members with practical insights through world-class education, leading-edge research, and an ever-growing network of directors.

NACD empowers more than 25,000 directors to lead with confidence in the boardroom. As the recognized authority on leading boardroom practices, NACD helps boards strengthen investor trust and public confidence by ensuring that today's directors are well-prepared for tomorrow's challenges.

## CHAPTER PROGRAMMING

NACD Chapter Programming offers virtual learning opportunities to help NACD members lead with confidence in the boardroom, even in today's rapidly changing business environment. Chapter events focus on top-of-mind issues and are conducted in small sessions that encourage candid dialogue among director peers.

# Connect with our Director Community

## VIRTUAL ROUNDTABLES

Directors gather for virtual interactive conversation to discuss hot off the press board issues to ensure that they stay relevant and up to date. In Northern California, that often means knowing more about technology and thinking at least two years ahead.

## MIX & MINGLE

The best directors are life-long learners who know what questions they should be asking in the boardroom. They enjoy expanding their networks and building new meaningful relationships. Whether hosting an event on a private yacht, or a classic cocktail hour, directors will find value in the opportunity and experience.

## COFFEE COHORTS

We curate a smaller group of directors whom you would like to meet and get to know. The cohorts are an hour long and provide a more intimate setting with directors who share common interests. These are usually done virtually to accommodate geography and tight morning schedules.

## PRIVATE DINNERS

Cutting-edge board topics are the feature of the evening, but friendships are the result. Fun cocktail hour followed by an intimate and engaging dinner conversation keep our directors asking for more.
